HIGH SCHOOL COURSE CONTRACT

Student: _____

Course: Algebra I

School year: 1998-99

Primary Text: Algebra I, Saxon

Hours: 5 hours/week

Typical day:

Read lesson, do practice problems. Discuss difficulties with teacher. Do all problems in the problem set and check your work on your own. Redo each problem you missed neatly on a separate sheet of paper. Check each of these again, and review any problems which are still wrong with your teacher.

Grades will be computed as follows:

Student will take all tests in textbook; grade will be based on these scores, using the grading system below. The student will also take a nationally normed standardized test, and the student's score on the math portion of that test will be reported as a percentile.

Grading system:

A+ 97-100%	B+ 87-89%	C+ 77-79%	D+ 67-70%
A 94-96%	B 84-86%	C 74-76%	D 64-66%
A- 90-93%	B- 80-83%	C- 70-73%	D- 60-63%

Extra credit may be earned as follows:

Up to 5% extra credit may be earned by writing an essay on the history of mathematics.
