Under each of the difficulties that the Jamestown settlers faced, list one of the people on the right who helped them, and briefly describe what he or she did that helped. Try to use each person at least once.

Captain John Smith
Pocahontas
Lord Delaware
Sir Thomas Dale

BASICS OF LIVING

Colonists needed all kinds of basic amenities: houses, food, and farmland.

EXTERNAL THREATS

Colonists faced sickness, bad water, malnutrition, harsh weather (winter and summer), and Indian attacks.

INTERNAL DISCORD

Colonists quarreled among themselves, lacked practical skills, looked for quick wealth, and refused to work (those who were from the nobility) or grew angry and resentful (those who bore the brunt of the work).
